SUNDAY

At One&Only, we embrace the timeless Orthodox tradition of dyeing Easter eggs, a practice full of meaning and history.

The rich red colour symbolises joy and renewal, honouring both the memory of innocent lives and the Resurrection of Christ. The egg itself represents new beginnings, as breaking its shell reflects the victory of life over darkness.

This tradition dates back to ancient times and has been passed down for generations, with each colour carrying its own special significance of faith, hope, and celebration.

Celebrate Easter with your little ones by joining us for a weekend of fun in the sun. From arts and crafts to lawn games and scavenger hunts, there is something for everyone to enjoy.
